

THE PORTLAND GROUP

NEW ENGLAND'S DEPENDABLE WHOLESALE PLUMBING & HVAC DISTRIBUTORS

Connecticut • Maine • Massachusetts • New Hampshire • Rhode Island

A LEGACY OF SERVICE

Founded in 1930 by two Boston-native families—the Fox's and the Rose's — The Portland Group began as a partnership rooted in community, vision, and hard work. Together, they laid the foundation for what would become one of New England's most trusted names in HVAC, plumbing, and oil distribution.

Now, years later, The Portland Group remains a proudly family-owned and operated business, with leadership in the hands of the fourth generation of the Fox and Rose families. With 12 warehouse locations across New England, we proudly carry elite brands such as Burnham, Kohler, Viega, Moen, Taco and many more—delivering top-tier technology and performance with every customer interaction. Each of our branches serves a unique community, and we tailor our inventory to meet the specific needs of that location. No matter the size or scale of your project, we're committed to matching the level of service you need—every time.
